

QUALITY POLICY

QUALITY POLICY STATEMENT

Sol Data Limited is to operate in a responsible and professional manner at all times, paying due diligence for the welfare of its employees, the general public and the environment.

We promote and encourage the use of best practise techniques and discipline in all facets of our works.

The aims of Sol Data Limited are as follows:

- To identify and meet the requirements of our clients
- To provide value by means of good workmanship and the use of approved materials
- To continuously look for areas of improvement.

Sol Data Limited operates a quality policy that meets the requirements of ISO 9001:2008 that we maintain through third party accreditation.

Irrespective of client or project it is essential that all Sol Data Limited personnel maintain an attitude and approach that reinforces the above policy and objectives.
